

➔ BOTTEGAVENEZIANA FABBRICA LAMPADARI MURANO

Dear Customer

we been produce Murano glass chandeliers for many years. We do glass blowing, the clear crystal is done directly in our Venice's furnace, creating classic chandeliers, modern and Rezzonico.

Each chandelier being in our catalog can be customized in shape, color, size to better fit in your home.

We produce only according to orders, each chandelier is unique. For each model we can also realize the wall fixtures, the table lamps, bedside lamps, floor lamps, ceiling and suspension coordinates in the form and color of the decorations.

The price of each chandelier is calculated according to the required specifications (number of lights), and sent immediately to you with all relevant information: size, color, delivery time, warranty, installation instructions, etc.

You can request as many quotes you want, with no obligation on your part.

We do special discounts on supplies of more chandeliers and we include the delivery and installation throughout Italy (islands excluded).

You can visit our furnace to see how we make the chandeliers, see also our showroom.

The factory is located in Marcon in the industrial area of Venice, near the international airport, in Via Venier, 1/3.

CHANDELIERS

Each Murano glass chandelier is made freehand by our glass masters.
